

## Account Registration and Agreement

Account registration and agreement for the Advanced Science Research Center Neuroscience Initiative Facilities at The City University of New York (“CUNY”) by \_\_\_\_\_ (“Principal Investigator”), an employee of \_\_\_\_\_ (“Institution”).

### 1. Background

This document will serve to register a Primary Investigator’s (PI) chargeable account against which approved Users will be able to charge User fees accumulated at the CUNY ASRC Neuroscience Initiative facilities. Users are defined as individuals who have been approved by the PI to carry out work at the ASRC Neuroscience Initiative facilities through a signed and submitted copy of the ASRC Neuroscience Initiative facilities User Agreement.

### 2. Equipment and Account Management

The CUNY ASRC Neuroscience Initiative facilities are equipped and managed by Badger Lab Management System (Badger LMS) software. Badger LMS manages User accounts, PI accounts, equipment reservations, User fees and invoicing. Users and PIs have the ability to remotely view accumulated User fees through Badger LMS and are able to request modifications to which accounts will be charged through Neuroscience Initiative staff. Continued use of ASRC Neuroscience Initiative facilities equipment will be predicated on accounts being in good standing.

### 3. Billing and Payment Timeline

- a. User Adjustment Period: On the 1<sup>st</sup> of each calendar month, Users will be notified via email to review their previous month’s charges in the ASRC Badger LMS system. Users will have five days to notify ASRC staff of adjustments to account charges for their previous calendar month’s activities.
- b. PI Adjustment Period: On the 8<sup>th</sup> of each calendar month, PIs will be notified via email to review the previous month’s charges in the ASRC Badger LMS system accumulated by all of their associated Users. PIs will have five days to notify ASRC staff of needed adjustments to account charges for the previous calendar month’s activities.
- c. Invoice: On the 15<sup>th</sup> of each month, PIs will receive invoices via email for all charges accumulated by their associated Users against the accounts in the ASRC Badger LMS. For any further required changes, PIs must contact ASRC staff directly within the next seven days.
- d. Payment: On the 22<sup>th</sup> of each month, transactions will be made based on the ASRC Badger LMS for all CUNY-held grant funded accounts. PIs paying for charges via credit card, check or purchase order must have payments submitted within 30 days of receipt of an invoice in accordance with the signed ASRC User Agreement.

### 4. Account Registration

All PI's must have accounts registered with the ASRC Neuroscience Initiative Facilities prior to associated Users incurring charges. Current user rates and monthly caps can be found here:
